PROJECT OBJECTIVES

- To establish an updated national HE LOs assessment framework comprising level descriptors of achieved LOs;
- To assemble a national peer learning network for institutional SCL practices with international experience;
- To prepare a manual for the assessment of achieved LOs;
- To disseminate the knowledge about the new national LOs assessment framework to main target groups and to develop skills of its application.

PROJECT ACTIVITIES

- WP1:** Academic assessment of achieved LOs: analysis of good practice examples; preparation for workshops
- WP2:** Management of the project activities
- WP3:** Work with higher education consultants
- WP4:** Workshops
- WP5:** Manual
- WP6:** International conference
- WP7:** National experts' participation in European conferences and seminars related to EHEA issues
- WP8:** National experts' visits to higher education institutions for counselling and information

EXPECTED OUTCOMES

- A manual describing achieved LOs assessment framework;
- Peer learning network of Higher Education consultants established in the area of SCL;
- Guidance in formative and cumulative assessment delivered to the main target groups.

THANK YOU FOR YOUR ATTENTION!
